THE ART OF WORK

IPPA WORLD CONGRESS
ON POSITIVE PSYCHOLOGY

20-23 JULY 2023 • VANCOUVER, CANADA

Setting a congress crafting goal.

We invite all congress delegates to set a personal "congress crafting" goal to personalise and get the most out of their conference experience. Your goal might be around how you undertake **conference activities**, how you **interact with others**, and how you think about the **purpose and value** of the conference itself. You can find more details about "congress crafting" on the conference website.

1.What is your goal?

2.Why is this important?

3.When are you going to do this?

4.What are the barriers?

5.How are you going to recognise success?

6.Who will you share your goal with?
